

RADESH B

B.Tech Computer Science Engineering (AI/ML) Student

📍 9876543210 ✉ radesh123@gmail.com 📍 Coimbatore, Tamil Nadu 🔗 LinkedIn: www.linkedin.com/in/radesh-b-77797137b

PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning with a strong interest in AI, machine learning, data science, IoT, and software development. Experienced in developing academic and personal projects using Python, Java, React, IoT technologies, and machine learning concepts. Passionate about building practical technology solutions and continuously improving programming and problem-solving skills.

EDUCATION

Karunya Institute of Technology and Sciences

B.Tech – Computer Science Engineering (Artificial Intelligence & Machine Learning)

Expected Graduation: 2029 | CGPA: 8.5/10

TECHNICAL SKILLS

- Programming:** Python, Java, C, JavaScript
- Web Development:** HTML, CSS, React
- AI/ML:** Machine Learning, Deep Learning, NLP, TensorFlow
- Data:** Pandas, Data Science, MySQL
- Tools & Platforms:** Git, GitHub, Docker, Blynk, ESP32
- Core Interests:** Artificial Intelligence, Machine Learning, Data Science, Cloud Computing, Cybersecurity

PROJECTS

Smart Noise Monitoring System

- Developed an IoT-based system to monitor environmental noise levels in real time.
- Used ESP32 and Blynk for monitoring and notification functionality.
- Designed threshold-based alerts for excessive noise levels.

Machine Learning Analytics

- Developed prediction and classification models using Python.
- Worked with data processing and analysis using Pandas and machine learning techniques.

AI Ticket Management System

- Designed an AI-powered system for automatically categorizing support requests.
- Explored NLP-based classification and intelligent ticket management concepts.

AI Portfolio Website

- Developed a multi-page personal portfolio using HTML, CSS, and JavaScript.
- Added interactive project cards, contact forms, admin response viewing, theme switching, and responsive navigation.

CERTIFICATIONS & TRAINING

- Cybersecurity Fundamentals — Shiksha Vertex / Microsoft Collaboration Program
- Cloud Computing Fundamentals — Shiksha Vertex / Microsoft Collaboration Program
- Artificial Intelligence & Machine Learning Training — [Add actual certificate provider]
- Python Programming Certification — [Add actual certificate provider]

INTERNSHIP / EXPERIENCE

AI/ML Internship — [Add actual company name]

Month 2025 - Month 2025

- Worked on Python-based machine learning concepts and practical applications.
- Gained exposure to data preprocessing, model development, and problem solving.

Web Development Internship — [Add actual company name]

Month 2025 - Month 2026

- Worked with HTML, CSS, JavaScript, and responsive web development.
- Built and improved practical web-based applications.

Cloud & Cybersecurity Internship/Training — [Add actual organization]

Month 2026 - Month 2026

- Gained foundational knowledge of cloud computing and cybersecurity.
- Practiced concepts related to secure systems and cloud technologies.

ACHIEVEMENTS & ACTIVITIES

- Developed multiple AI/ML, IoT, and web-development projects.
- Built and deployed a personal multi-page AI/ML portfolio website.
- Participated in technical learning programs focused on Cybersecurity and Cloud Computing.
- Continuously developing skills in Python, Machine Learning, Data Science, and software development.

CAREER OBJECTIVE

To begin a career in Artificial Intelligence, Machine Learning, Data Science, or Software Development where I can apply my technical knowledge, contribute to meaningful projects, and continuously grow as an AI/ML professional.
